## FEE AND SALARY BILL HAS PASSED

HAS MAJORITY OF BUT TWO VOTES--GOES TO SENATE TODAY.

### WILL BE TWO TAX PAYMENTS

These Do Not Include Personal Property Tax--County Assessor Bill Killed for the Second Time.

Guthrie, Ok., March 10.—By a vote of 57 to 39, the affirmative side having but two votes majority, the fee and salary bill was passed finally in the house of representatives Wednesday and will go to the senate today. The roll call revealed a strictly party alignment, democrats being for the measure and republicans against, save in two instances—Representative Jahn and Representative Lewis of Sayre, both democrats, cast negative votes.

The following were absent: Republicans, Bridges, Compton, Patridge and Parsons; Democrats, Butts, Hughes, Hutchins, Maxey, Price, Putnam, Rider and White.

The senate will not agree to the house changes, but Senator Smith thinks that a conference committee will reach early agreement.

In salaries, the House bill is much higher than that of the senate for counties of less than 15,000 people; between 15,000 and 30,000 the two bills are about the same, while for counties of more than 30,000, the house bill is quite a lift over figures of the senate bill. The house has given County Treasurers, District Clerks and Registers of Deeds a maximum salary of \$3,500, while it has left Sheriffs, County Judges and County Clerks at \$3,000. In maximum salaries, Clerks of the Superior Courts get \$500 a year more than does the judge of the court. In the House bill the maximum county population figured upon is 60,000; in the senate bill it is 50,000.

### Vaccination Bill Killed.

The house killed the Ashby bill designed to prevent compulsory vaccination, the vote being 57 to 45, on a motion to indefinitely postpone. A lobby has been maintained at the capitol to urge the bill, and circulars showing bad effects of vac-

inations have been freely distributed. Representative Johnson of Hughes county, who is a physician, led the fight against the measure, stating that the only result from the bill would be to take from the state authority to protect the public health. He denied that bad results came vaccination administered by physicians who knew how, and out of 7,000 cases in Oklahoma City, he said not one had resulted unfavorably. Advocates of the bill held before the house the idea that vaccination was only the injection of poison into the system of a healthy person to prevent such person from contracting certain diseases and that results of such treatment were often worse than the disease itself. Others opposed the bill because they said it was recognizing what they termed as the "physicians' trust."

At adjournment tonight, the senate had under consideration a bill by Senator Stafford to authorize City boards of health to fix rules and requirements, recognized by the medical world, for prevention of infectious and contagious diseases. At Oklahoma City yesterday a district court decision held there was no law by which vaccination could be compelled, and physicians who have been here insist that the treatment is necessary as a prevention of epidemics. If the senate passes the bill, it has a fair chance of passage in the house.

### Concurrent Resolution.

The house passed a concurrent resolution memorializing congress for improvement of the Illinois canal and inland waterways north of Cape Hatteras and to dig the Florida ship canal across the peninsula. The resolution came to members of the legislature from the governors of North and South Carolina and Florida.

Other matters passed finally in the house were the bill authorizing the state mine inspector to use his funds for the oil and gas department; the Ross bill, limiting appeals from justice of the peace courts to cases involving \$20 or more; Mr. Cunningham's bill providing for trial by juries of questions of fact pending before the supreme court; bills making Thomas, Custer county and Temple, Comanche county, court towns; Senator Cordell's probate procedure bill, and the senate bill restricting the sale of cocaine, opium, codine, morphine and other deleterious drugs. The penalty is from \$100 to \$300 and \$300 to \$500 fine, according to the offense.

Final passage was also obtained in the house upon the Billups bill permitting summoning grand and petit

BIG R. F. D. APPROPRIATION.

Committee Recommended More Than  
a Million Dollars Added.

Washington, March 10.—More than  
\$1,000,000 was added by the house to  
the appropriation, recommended by  
the committee on postoffices and  
postroads, for the rural free deliv-  
ery service for the year ending  
June 30, 1911.

This appropriation, it was stated,  
would be sufficient to permit the es-  
tablishment of 3,000 new rural free  
delivery routes, as it would make  
available for such extensions about  
\$1,500,000. During the current fiscal  
year, \$660,000 was available for ex-  
tension of this service.

This action was taken by the  
house after an extended debate in  
which democrats from Southern  
states took a prominent part in the  
advocacy of an increased allowance  
for rural free delivery.

Chairman Weeks accepted for his  
an amendment, offered by Repre-  
sentative Finley of South Carolina  
adding \$500,000 to the amount for  
rural free delivery, recommended in  
the bill, but demands for a further  
increase for that purpose came from  
both sides of the house, with the  
result that the higher amount was  
placed in the bill in accordance with  
an amendment offered by Mr. Small  
of North Carolina.

Spurred on by this victory, friends  
of the rural service endeavored to  
still further increase it by an ad-  
ditional amount of \$6,600,000 propo-  
sed by Representative Miller of Kan-  
sas, who declared that with this lib-  
eral allowance salaries of rural free  
delivery carriers could be increased  
by the postmaster general. This pro-  
posed increase was voted down.

FIGHT AT COMMUNION RAIL.

Negro Who Didn't Belong Is Hauled  
off in Patrol Wagon.

Atlanta, Ga., March 10.—The po-  
lice department was called to Mt.  
Airy church last night to take a  
hand in a church fight which took  
place at the communion railing.  
Henry Miles, a negro, who it is stat-  
ed, is not a member, was inattentive  
when services opened. As the  
time arrived for communion Miles  
went forward with the rest and knelt  
at the railing. Noticing Miles mem-  
bers of the congregation entered a  
strenuous demur, saying he was not  
a member. Miles insisted on receiv-  
ing the bread and wine. A free fight  
resulted and the police interfered.  
Miles seemingly undismayed, was  
yanked in a patrol wagon and the  
services resumed.

CALENDAR WEDNESDAY.

House Passes Several Local Bills.  
Senate Votes.

Washington, March 10.—The Ad-  
ministration railroad bill was made  
the unfinished business of the sen-  
ate today, and its consideration un-  
til passed can not be interfered with  
except by appropriation bills. After  
the first reading had been conclu-  
ded a number of bills were passed,  
including one to establish a court of  
patent appeals and one authorizing  
the construction of a \$12,000,000  
building in Washington for the use  
of the departments of state, justice  
and commerce and labor.

The house considered bills on its  
calendar, passing several measures  
of local importance. During the early  
portion of the session it sustained a  
point of order by which the bill for  
the construction of embassy build-  
ings in foreign capitals will not be  
permitted again to come before the  
house during this session. The sen-  
ate was in session four hours, the  
house adjourning an hour later. Both  
houses will be in session tomorrow.

Croxton McGuire's Secretary.

Washington, D. C., March 10.—Earl  
Croxtan of Guthrie has been ap-  
pointed private secretary to Repre-  
sentative Bird McGuire. Croxtan is  
well known as a newspaper writer  
and will number among his duties  
an active publicity campaign to in-  
sure the renomination and re-election  
of McGuire.

CROCKET C. HARGIS, REG-  
ISTER OF DEEDS OF  
FERS FOR RE-ELECTION

Crocket C. Hargis authorizes the  
Daily and Weekly News to announce  
his candidacy for re-election to the  
office of Register of Deeds of Pon-  
totoc county, subject to the demo-  
cratic primary.

Commenting on his candidacy for  
re-election, Mr. Hargis stated that  
while he would have served the peo-  
ple some longer than a usual term  
the first time, that considering the  
unsettled land conditions in the coun-  
ty, that his salary had not been more  
than moderate, and further, since,  
when he assumed the position of reg-  
ister of deeds, the county being new,  
no precedents for the conduct of the  
office had been established and there-  
fore many details had to be worked  
out and much initial work accom-  
plished which required additional  
expense and much arduous labor.

It is proper to relate in connection  
with Mr. Hargis' announcement, that  
he, along with other nominees of his  
party, were required to bear the  
principal burden of the expense of  
the conduct of the first election,  
since at that time, statehood was  
not an accomplished fact and there  
were no friends available for hold-  
ing such election.

Mr. Hargis has been in the state  
since 89 and a resident of this coun-  
ty for 12 years. He has the candi-  
date's best asset, that of a large and  
close personal acquaintance with the  
large bulk of voters of the county.

The county has had no public ser-  
vant more devoted to the duties of  
his office and none more courteous  
and accommodating in giving per-  
sonal attention to the calls of his  
constituency.

Mr. Hargis informs the News that  
while he intends to scrupulously  
look after the duties of his office  
during the campaign, he shall as  
near as possible personally solicit  
the support of the democratic voters  
of the county.

The News recommends Mr. Hargis'  
candidacy to the careful consideration  
of the voting public.

RELEASED ON BIG BOND.

Dr. Hyde's Bail Calls for \$100,000 In  
Kansas City.

Kansas City, Mo., March 8.—Dr.  
Hyde, charged with murder and at-  
tempted murder in the Swope case,  
was released from the county jail  
today after furnishing bond in the  
sum of \$100,000.

Dr. Hyde was arraigned today in  
the criminal court on an indictment  
returned against him by the grand  
jury last Saturday. Hyde appeared  
cheerful and unconcerned notwith-  
standing he spent last night in jail.

Accidental Discharge of Dynamite.

Quinlan, Ok., March 9.—There was  
an accidental discharge of dynamite  
at the quarry yesterday and one of  
the laborers had one of his hands  
badly torn and his face disfigured.  
Had he not noticed his danger in  
time he no doubt would have been  
killed.

Murder Is Charged.

Alma, Kan., March 10.—Sheriff  
Ericsson returned today from Fort  
Worth, Tex., with John Thomas,  
charged with murdering Edward  
Frausen here 12 years ago. Thomas  
denies he is the man wanted, but  
several parties have positively iden-  
tified him.

Grand-Leader

Tally Convicted.

Tulsa, Okla., March 10.—Haskell  
B. Talley, attorney, was today con-  
victed of assault with intent to kill  
in the district court. The jury rec-  
ommended a sentence of three years  
in state prison. Notice of appeal was  
filed.

Talley was charged with assaulting  
B. F. Pettus of Tulsa. Talley former-  
ly went with Pettus' daughter. The  
girl shunned Talley and the attor-  
ney accused her father of assaulting  
his character. Talley met Pettus in  
the street, accused him of making the  
statements and shot him in the ab-  
domen. Pettus had a quick recovery  
and Talley was released on bond.

The crime was committed before  
statehood. A year ago Talley was  
tried, the trial resulting in a hung  
jury.

WHAT WILL HE DO ABOUT IT?

Phillip and His Frau Surely Can't  
Live on \$100 a Month.

Washington, March 10.—That Phil-  
ander C. Knox Jr., has been cut off  
with an allowance of about \$100 a  
month, which his mother will allow  
him, was learned here today on good  
authority, although no member of  
the Knox family would make any  
statement in regard to the matter.

Providence, R. I., March 10.—Phil-  
ander C. Knox, Jr., tonight admit-  
ted that as a result of his elopement  
with Miss May Boler, his family had  
cut him off, leaving him dependent  
upon a legacy and what he can earn  
himself.

"Yes, da told me yesterday in  
Washington that he would give me  
no more money, but would let me  
spend for myself," said the youth-  
ful husband tonight.

"However, I have an income of my  
own to keep me until I get a job.  
My grandfather on my mother's side  
left me enough to give me an income  
of about \$100 a month, and this I  
am to receive from my mother until  
I am of age."

Consumer Pays the Freight

On the theory that the consumer  
pays the freight, which theory has  
not yet been discarded by profound  
students or casual observers of eco-  
nomics, the accompanying table of  
figures ought to be of considerable  
interest to the public in Oklahoma.

It shows the rates that are put in-  
to effect on freight in Oklahoma by  
the M., K. and T. road by the tariff  
just issued and made operative March  
5. It also shows in contrast thereto  
the corresponding rates, as estab-  
lished by the state corporation com-  
mission and set aside by Judge  
Hook's injunction recently issued in  
St. Louis.

A comparison of the two sets of  
figures will show the benefit, aggregat-  
ing thousands of dollars every

day, that the people of the state have  
been receiving the rates that the cor-  
poration commission insists are fair  
and reasonable, and the benefit that  
the railroads are to reap as a result  
of a single stroke of the pen of the  
Federal judge who was appealed to  
by the railroads in their effort to de-  
feat the will of the people of Okla-  
homa.

The Katy is the first railroad to  
take advantage of the letting down  
of the bars, and to enter again upon  
the green pastures of the public of  
Oklahoma, which were found such  
fattening grazing lands for the rail-  
roads before the constitution was  
adopted and the corporation com-  
mission organized.

The citizen who contemplates

building a store building or a resi-  
dence, or the farmer who thinks of  
building a home or a barn, will note  
from a perusal of the figures here-  
with presented, that Judge Hook has  
doubled the freight on lumber, and  
increased the rate on brick to al-  
most as great an extent. The farmer  
who noted a gain in his profit on  
raising wheat with the establishing  
of the commission's rates on wheat,  
will find that the transportation fac-  
tor, in cutting down his profit on  
corn or hay will have grown in about  
the same proportion with the raising  
of the rates as permitted by Judge  
Hook.

Another striking effect of the  
knocking out of the low rates estab-  
lished by the commission will be not-

ed in the tariff on soft coal which  
jumps more than 100 per cent on the  
shorter hauls and nearly doubles on  
the long hauls.

The commodities enumerated in the  
accompanying table are presented to  
show the rates of increase on the  
more common articles of traffic. The  
rates increase on every thing that is  
transported by rail in practically the  
same proportion.

The new tariff of the Katy shows  
some decreases in rates between  
specific points, but these in all cases  
are in favor of points which, for  
traffic reasons, the company sees fit  
to favor by discrimination that the  
corporation commission would hold  
illegal and prohibit.

THE FIGURES IN THIS TABLE REFER IN ALL CASES TO CENTS PER HUNDRED MILES.

## CITY'S SUIT COMPROMISED

General Manager Tyler of the Frisco Will Be in Ada in About Ten Days to Perfect That Road's Plans.

Two railroads—the Frisco and Oklahoma Central—will soon begin the construction of modern depot buildings in this city. That is a settled fact.

Mayor Little returned to the city today from Guthrie where he was present at a hearing before the corporation commission in the depot matter.

## UNION FORCES GAIN STRENGTH

PHILADELPHIA STRIKE MOVE-  
MENT SUDDENLY SHOWS  
GROWTH.

## STATEWIDE STRIKE EXPECTED

One Thousand Employees of Baldwin  
Locomotive Works Walk Out.  
Police Will Not Permit  
Meeting.

Philadelphia, Pa., March 10.—  
Promise of help from without and  
development of strength in its own  
field, which appeared to take even  
its most confident leaders by sur-  
prise, injected new life into the Phil-  
adelphia general sympathetic strike  
movement today.

A labor campaign, which yesterday  
gave every indication of waning force  
again received its strongest impetus  
today from the action of the state  
federation of labor convention in  
Newcastle, which declared that a  
state-wide and even nation-wide tie-  
up of industry would not be too  
great a price to pay if necessary to  
insure success for the local cause.

Added to this came the revelation  
that the union labor movement in  
sympathy with the striking employees  
of the Philadelphia Rapid Transit  
company was strong enough to in-  
vade what was supposed to be a  
secure citadel of the opposing forces  
and open up an admittedly wide  
breach.

### Baldwin Employees Quit.

The success of the strike leaders  
in inducing something more than 1-  
000 employees of the Baldwin Loco-  
motive Works to walk out this after-  
noon, following the early morn-  
ing desertion of possibly as many  
more, was the most striking devel-  
opment of the day in the local situ-  
ation.

To the threat of a county-wide  
strike if the local traction heads did  
not agree to arbitration with the men

the officials of the Philadelphia Rap-  
id Transit company made curt re-  
sponse, announcing that it had said  
its last word on arbitration and that  
if the widespread strike depended  
on its yielding to the arbitration the  
strike would have to come.

Other evidences, too, were given  
by the city's employers of labor of  
many classes and there was confi-  
dence in their ranks that a Nation-  
al strike could not or would not be  
forced, and that the sympathetic  
movement in the city, portentous as  
it now appeared, would wear itself  
out. Several firms announced that  
their hands were returning to work  
and others announced that they were  
content to wait and let time work  
for them.

### Won't Permit Meeting.

Possible trouble was indicated by  
the announcement of the strikers'  
committee that it would hold an  
open-air mass meeting in the Nation-  
al League Baseball Park tomorrow  
at noon. The police authorities de-  
clared that the meeting would not  
be permitted, but following this de-  
claration the men reiterated their in-  
tention of holding it, claiming the  
right of peaceful assemblage and ex-  
ercise of free speech at a meeting  
on inclosed private property as with-  
in their constitutional rights. Re-  
sults of the indicated clash are await-  
ed with some little trepidation. The  
strikers declare their meeting will  
be orderly and that there will be no  
just cause for interference.

The day was without disturbances  
of consequence and up to a late hour  
tonight the only outbreak had been  
a minor disturbance or two in the  
Kensington shop district. No one was  
reported injured.

The street car company slightly  
increased the number of cars in ser-  
vice and the lines in the business  
and residence districts were appar-  
ently more largely patronized than  
on any day since the strike began.

An important accession to the  
ranks of the strikers was announced  
tonight from Camden, N. J., where 1-  
500 carpenters went out. About the  
same number quit work at suburban  
points along the Pennsylvania Rail-  
way's main line and the men declared  
that if necessary 2,500 more car-

penters would be called out in Mont-  
gomery county, next adjacent to  
Philadelphia, tomorrow.

## SAM McCURE, WIDELY KNOWN, FIRST TO AN- NOUNCE FOR SHERIFF

Mr. Sam McClure authorizes the  
News to announce his candidacy for  
Sheriff of Pontotoc county, subject  
to the action of the democratic pri-  
mary. Mr. McClure's announcement  
for sheriff is not much more than  
a formality, for his friends through-  
out the county for some time have  
been calling him "the next sheriff,"  
and while not active, he has mod-  
estly indicated that he was will-  
ing.

The subject of this announcement  
and reference has been more or less  
prominently before the public view  
since before statehood. He was de-  
signed through the constitution as  
the first county clerk of the county  
and it was his duty in such ca-  
pacity to perform much arduous labor  
in organizing the county for the  
first election.

Mr. McClure served as the first  
secretary of the county central com-  
mittee and only gave up such im-  
portant position to accept the state  
democratic committee membership for  
Pontotoc county. As a member of the  
state committee he worked faith-  
fully and expended much time and  
money in the interests of his party,  
always attending the state meet-  
ings and representing the party of  
his county to the best of his ability.  
When he resigned his office of state  
democratic committeeman, prepara-  
tory to running for sheriff, the Hon-  
orable J. B. Thompson, state chair-  
man, complimented him for the ser-  
vices he had rendered.

Mr. McClure came to Roff from  
Kentucky in 1905, where he had  
previously served as deputy sheriff.  
At the advent of statehood, he ac-  
cepted the office of undersheriff of  
Pontotoc county, and for a year,  
after which he voluntarily resigned,  
he served the sheriff honorably  
and the people faithfully.

Mr. McClure states that he realizes  
the great responsibility of the of-  
fice of sheriff and that he is con-  
fident that he can do his full duty  
to the confidence of the honest and  
brave people of the county.

The News takes pleasure in recom-  
mending him, as the first candi-  
date for the most talked of office in  
this county to the careful considera-  
tion of the people.

## WANT VICE STAMPED OUT.

Two Hundred Women Appeal to  
Cook County Sheriff.

Chicago, March 10.—Two hundred  
women, headed by Mrs. Emily M. Hill  
president of the Women's Christian  
Temperance union, marched to the  
county jail today and asked Sheriff  
Christopher Strassheim to use his  
power to stamp out vice in the levee  
district of this city. A similar re-  
quest was made on Mayor Busse on  
January 27. Sheriff Strassheim prom-  
ised to give them an answer within  
the next ten days.

### Willard and Curtiss to Fly.

Oklahoma City, Ok., March 10.—  
Two aviation events are to take place  
soon in Oklahoma City, according to  
the present schedule, one March 13,  
19 and 20, by Willard, the assistant  
to Glenn H. Curtiss at Los Angeles  
during the recent meet, in a Curtiss  
machine, under contract with Hath-  
away Harper of Oklahoma City, and  
Curtiss himself on April 20, 21 and  
22, during the celebration of the open-  
ing of Oklahoma to settlement, if  
pending arrangements go through.

W. L. McBee, representing J. G.  
Fenn, manager of Willard, has been  
at work in the city for two days, and  
has come to an agreement with Har-  
per on a \$6,000 guarantee basis  
for the flight here in March to take  
place at the fair grounds.

The '89ers have, through the  
Chamber of Commerce secretary, A.  
W. McKeand, been busy for the past  
two weeks making arrangements to  
get Curtiss here.

The contract between Harper and  
the Willard representative has not  
yet been signed, although dates have  
been accepted, and the '89ers have  
not signed up with the Curtiss in-  
terests.

An effort is to be made by Chair-  
man Alexander of the general ar-  
rangement committee of the Aperiilis  
fiesta to get the March dates can-  
celed or to bring about some ad-  
justment of affairs, and efforts at  
this will be made today, as it is be-  
lieved that the March events will  
seriously interfere with the Aperiilis  
fiesta, and that the conflict of the  
two events will tend to divide the  
attendance so that neither attraction  
will prove as successful as it other-  
wise would.

The representative of Willard  
says that dates here in April would  
be out of the question, owing to the  
itinerary which is made out months  
ahead of flights.

president; Wyley U. Lyon, Hadill,  
secretary-treasurer. The charter  
membership consists of 200. Repre-  
sentatives of the leading thresh-  
ing manufacturing concerns addressed  
the meeting. Resolutions were adopt-  
ed favoring the plans of the State

tem of road improvements.

mary election law which requires  
candidates to present popular peti-  
tions before their names can be  
placed on the primary election tick-  
ets.

In committee of the whole the sen-  
ate recommended for passage the bill  
by Senator Williams which gives the  
boards of health greater powers in  
preventing and treating tuberculosis  
and for prevention of spread of the  
disease.

All patients having tuberculosis are  
to be registered by physicians, and  
an amendment by Senator Brownlee  
prohibits the employment of any per-  
son known to be afflicted with con-  
sumption to each school in Oklaho-  
ma. The Allen bill appropriating  
\$100,000 for new buildings for the  
state school for the deaf at Sulphur  
was also recommended for passage.

Under a call made by Senator Staf-  
ford the house bill which abolishes  
the state liquor dispensary system  
will be reported from the senate com-  
mittee by Friday morning.

The hope for adjournment of the  
special session by next Friday at  
noon disappeared today when mem-  
bers of the senate committee stated  
they would not report the house res-  
olution until the important bills were  
out of the way.

## A FACT PROVEN.

Should Convince Even the Most Skep-  
tical of Its Truth.

If there is the slightest doubt in the  
minds of any that Dandruff germs do not  
exist, their belief is compelled by the  
fact that a rabbit inoculated with the  
germs became bald in six weeks' time.

It must be apparent to any person  
therefore that the only prevention of  
baldness is the destruction of the germ-  
which act is successfully accomplished  
in one hundred per cent. of cases by  
the application of Newbro's Herpicide.

Dandruff is caused by the same germ  
which causes baldness and can be pre-  
vented with the same remedy—Newbro's  
Herpicide.

## FEE AND SALARY BILL HAS PASSED

HAS MAJORITY OF BUT TWO VOTES—GOES TO SENATE TODAY.

### WILL BE TWO TAX PAYMENTS

These Do Not Include Personal Property Tax—County Assessor Bill Killed for the Second Time.

Guthrie, Ok., March 10.—By a vote of 57 to 39, the affirmative side having but two votes majority, the fee and salary bill was passed finally in the house of representatives Wednesday and will go to the senate today. The roll call revealed a strictly party alignment, democrats being for the measure and republicans against, save in two instances—Representative Jahn and Representative Lewis of Sayre, both democrats, cast negative votes.

The following were absent: Republicans, Bridges, Compton, Patridge and Parsons; Democrats, Butts, Hughes, Hutchins, Maxey, Price, Putnam, Rider and White.

The senate will not agree to the house changes, but Senator Smith thinks that a conference committee will reach early agreement.

In salaries, the house bill is much higher than that of the senate for counties of less than 15,000 people; between 15,000 and 30,000 the two bills are about the same, while for counties of more than 30,000, the house bill is quite a lift over figures of the senate bill. The house has given County Treasurers, District Clerks and Registers of Deeds a maximum salary of \$3,500, while it has left Sheriffs, County Judges and County Clerks at \$3,000, in maximum salaries. Clerks of the Superior Courts get \$500 a year more than does the judge of the court. In the house bill the maximum county population figured upon is 60,000; in the senate bill it is 50,000.

#### Vaccination Bill Killed.

The house killed the Ashby bill designed to prevent compulsory vaccination, the vote being 57 to 45, on a motion to indefinitely postpone. A lobby has been maintained at the capitol to urge the bill, and circulars showing bad effects of vac-

inations have been freely distributed. Representative Johnson of Hughes county, who is a physician, led the fight against the measure, stating that the only result from the bill would be to take from the state authority to protect the public health. He denied that bad results came vaccination administered by physicians who knew how, and out of 7,000 cases in Oklahoma City, he said not one had resulted unfavorably. Advocates of the bill held before the house the idea that vaccination was only the injection of poison into the system of a healthy person to prevent such person from contracting certain diseases and that results of such treatment were often worse than the disease itself. Others opposed the bill because they said it was recognizing what they termed as the "physicians' trust."

At adjournment tonight, the senate had under consideration a bill by Senator Stafford to authorize City boards of health to fix rules and requirements, recognized by the medical world, for prevention of infectious and contagious diseases. At Oklahoma City yesterday, a district court decision held there was no law by which vaccination could be compelled, and physicians who have been here insist that the treatment is necessary as a prevention of epidemics. If the senate passes the bill, it has a fair chance of passage in the house.

#### Concurrent Resolution.

The house passed a concurrent resolution memorializing congress for improvement of the Illinois canal and inland waterways north of Cape Hatteras and to dig the Florida ship canal across the peninsula. The resolution came to members of the legislature from the governors of North and South Carolina and Florida.

Other matters passed finally in the house were the bill authorizing the state mine inspector to use his funds for the oil and gas department; the Ross bill, limiting appeals from justice of the peace courts to cases involving \$20 or more; Mr. Cunningham's bill providing for trial by juries of questions of fact pending before the supreme court; bills making Thomas, Custer county and Temple, Comanche county, court towns; Senator Cordell's probate procedure bill, and the senate bill restricting the sale of cocaine, opium, codine, morphine and other deleterious drugs. The penalty is from \$100 to \$300 and \$300 to \$500 fine, according to the offense.

Final passage was also obtained in the house upon the Billage bill permitting summoning grand and petit

jurors by telephone, and witnesses, either by telegraph, registered mail or personal service. The idea was advanced by Judge Tolbert of Hobart at the beginning of the session.

By a vote of 50 to 40 the house for a second time killed the bill creating the office of county assessor, and another motion was lodged to reconsider. The legislation was for the purpose of repealing the township assessor law, over the legality of which there has been some question.

#### Two Tax Payments.

The senate passed finally the bill by Mr. Smith of Caddo county, returning to the two payment plan for all taxes save those on personal property, they being due according to senate amendments, in one payment on Oct. 15 and delinquent on Dec. 15 of each year. One-half of ad valorem taxes is due on Dec. 15 and unless the payment is made by Jan. 1, following, the entire tax levy automatically becomes delinquent; if paid by Jan. 1, the second half is not due until June 15 following. The interest penalty is 18 per cent.

Other bills passed finally in the senate were: By Mr. Thomas, appropriating \$12,000 for the completion of the Oklahoma code; by Mr. Rodde, making an appropriation for the office of the supreme court clerk, the clerk's salary being fixed at \$2,600 per year; by Mr. Stewart, appropriating a fund for the state game warden's department; by Mr. Taylor, amending the fire escape law by not

requiring such appliances in hotels or boarding houses of less than three stories, halls and theaters of less than two stories, and permitting use of non-inflammable material in fire escapes, and the Wayne house bill, repeating that portion of the pri-

BIG E. F. D. APPROPRIATION.

Committee Recommended More Than  
a Million Dollars Added.  
Washington March 10—More than  
\$1,000,000 was added by the house to  
the appropriation, recommended by  
the committee on postoffices and  
postroads, for the rural free deliv-  
ery service for the year ending  
June 30, 1911.  
This appropriation, it was stated,  
would be sufficient to permit the es-  
tablishment of 3,000 new rural free  
delivery routes, as it would make  
available for such extensions about  
\$1,500,000. During the current fiscal  
year, \$860,000 was available for ex-  
tension of this service

This action was taken by the  
house after an extended debate in  
which democrats from Southern  
states took a prominent part in the  
advocacy of an increased allowance  
for rural free delivery.  
Chairman Weeks accepted for his  
an amendment, offered by Repre-  
sentative Finley of South Carolina  
adding \$500,000 to the amount for  
rural free delivery, recommended in  
the bill but demands for a further  
increase for that purpose, came from  
both sides of the house, with the  
result that the higher amount was  
placed in the bill in accordance with  
an amendment offered by Mr Small  
of North Carolina.  
Spurred on by this victory friends  
of the rural service endeavored to  
still further increase it by an addi-  
tional amount of \$600,000 propos-  
ed by Representative Miller of Kan-  
sas who declared that with this lib-  
eral allowance salaries of rural free  
delivery carriers could be increased by  
the postmaster general. This propo-  
sed increase was voted down

FIGHT AT COMMUNION RAIL.

Negro Who Didn't Belong Is Hauled  
in in Patrol Wagon.  
Atlanta Ga., March 10—The po-  
lice department was called to Mt  
Ary church last night to take a  
hand in a church fight which took  
place at the communion calling.  
Henry Miles a negro who it is stat-  
ed, is not a member, was unattend-  
ance when services opened. As the  
time arrived for communion Miles  
went forward with the rest and knelt  
at the railing. Noticing Miles mem-  
bers of the congregation entered a  
strenuous demur, saying he was not  
a member. Miles insisted on receiv-  
ing the bread and wine. A free fight  
resulted and the police interfered.  
Miles seemingly undismayed, was  
yanked in a patrol wagon and the  
services resumed

CALENDAR WEDNESDAY.

House Passes Several Local Bills.  
Senate Votes.

Washington, March 10—The Ad-  
ministration railroad bill was made  
the unfinished business of the sen-  
ate today and its consideration un-  
til passed can not be interfered with  
except by appropriation bills. After  
the first reading had been conclud-  
ed a number of bills were passed,  
including one to establish a court of  
patent appeals and one authorizing  
the construction of a \$12,000,000  
building in Washington for the use  
of the departments of state justice  
and commerce and labor.  
The house considered bills on its  
calendar, passing several measures  
of local importance. During the early  
portion of the session it sustained a  
point of order by which the bill for  
the construction of embassy build-  
ings in foreign capitals will not be  
permitted again to come before the  
house during this session. The sen-  
ate was in session four hours, the  
house adjourning an hour later. Both  
houses will be in session tomorrow

Croston McGuire's Secretary.

Washington, D. C., March 10—Earl  
Croston of Guthrie has been ap-  
pointed private secretary to Repre-  
sentative Bird McGuire. Croston is  
well known as a newspaper writer  
and will number among his duties  
an active publicity campaign to in-  
sure the renomination and re-election  
of McGuire

CROCKET C HARGIS, REG-  
ISTER OF DEEDS OF  
PETERS FOR RE-ELECTION

Crocket C Hargis authorizes the  
Daily and Weekly News to announce  
his candidacy for re-election to the  
office of Register of Deeds of Pon-  
totoc county subject to the demo-  
cratic primary  
Commenting on his candidacy for  
re-election Mr Hargis stated that  
while he would have served the peo-  
ple some longer than a usual term  
the first time, that considering the  
unsettled land conditions in the coun-  
ty, that his salary had not been more  
than moderate and further since  
when he assumed the position of reg-  
ister of deeds the county being now  
no precedents for the conduct of the  
office had been established and there-  
fore many details had to be worked  
out and much initial work accom-  
plished which required additional  
expense and much arduous labor  
It is proper to relate in connection  
with Mr Hargis announcement that  
he along with other nominees of his  
party, were required to bear the  
principal burden of the expense of  
the conduct of the first election,  
since at that time statehood was  
not an accomplished fact and there  
were no friends available for hold-  
ing such election  
Mr Hargis has been in the state  
since 89 and a resident of this coun-  
ty for 12 years. He has the candi-  
date's best asset that of a large and  
close personal acquaintance with the  
large bulk of voters of the county  
The county has had no public ser-  
vant more devoted to the duties of  
his office and none more courteous  
and accommodating in giving per-  
sonal attention to the calls of his  
constituency  
Mr Hargis informs the News that  
while he intends to scrupulously  
look after the duties of his office  
during the campaign, he shall as  
near as possible personally solicit  
the support of the democratic voters  
of the county  
The News recommends Mr Hargis'  
candidacy to the careful consideration  
of the voting public

Tulsa Okla. March 10—Haskell  
B. Talley, attorney, was today con-

Consumer Pays the Freight

On the theory that the consumer  
pays the freight, which theory has  
not yet been discarded by profound  
students or casual observers of eco-  
nomics, the accompanying table of  
figures ought to be of considerable  
interest to the public in Oklahoma.  
It shows the rates that are put in-  
to effect on freight in Oklahoma by  
the M., K. and T. road by the tariff  
just issued and made operative March  
5. It also shows in contrast thereto  
the corresponding rates, as estab-  
lished by the state corporation com-  
mission and set aside by Judge  
Hook's injunction recently issued in  
St. Louis.  
A comparison of the two sets of  
figures will show the benefit, aggre-  
gating thousands of dollars every  
day, that the people of the state have  
been receiving the rates that the cor-  
poration commission insists are fair  
and reasonable, and the benefit that  
the railroads are to reap as a result  
of a single stroke of the pen of the  
Federal judge who was appealed to  
by the railroads in their effort to de-  
feat the will of the people of Okla-  
homa.  
The Katy is the first railroad to  
take advantage of the letting down  
of the bars, and to enter again upon  
the green pastures of the public of  
Oklahoma, which were found such  
fattening grazing lands for the rail-  
roads before the constitution was  
adopted and the corporation com-  
mission organized.  
The citizen who contemplates

building a store building or a resi-  
dence, or the farmer who thinks of  
building a home or a barn, will note  
from a perusal of the figures here-  
with presented, that Judge Hook has  
doubled the freight on lumber, and  
increased the rate on brick to al-  
most as great an extent. The farmer  
who noted a gain in his profit on  
raising wheat with the establishing  
of the commission's rates on wheat,  
will find that the transportation fac-  
tor, in cutting down his profit on  
corn or hay will have grown in about  
the same proportion with the raising  
of the rates as permitted by Judge  
Hook.

Another striking effect of the  
knocking out of the low rates estab-  
lished by the commission will be not-  
ed in the tariff on soft coal which  
jumps more than 100 per cent on the  
shorter hauls and nearly doubles on  
the long hauls.  
The commodities enumerated in the  
accompanying table are presented to  
show the rates of increase on the  
more common articles of traffic. The  
rates increase on every thing that is  
transported by rail in practically the  
same proportion.  
The new tariff of the Katy shows  
some decreases in rates between  
specific points, but these in all cases  
are in favor of points which, for  
traffic reasons, the company sees fit  
to favor by discrimination that the  
corporation commission would hold  
illegal and prohibit

THE FIGURES IN THIS TABLE REFER IN ALL CASES TO CENTS PER HUNDRED MILES.

## UNION FORCES GAIN STRENGTH

PHILADELPHIA STRIKE MOVEMENT SUDDENLY SHOWS GROWTH.

## STATEWIDE STRIKE EXPECTED

One Thousand Employees of Baldwin Locomotive Works Walk Out. Police Will Not Permit Meeting.

Philadelphia Pa., March 10—Promise of help from without and development of strength in its own field which appeared to take even its most confident leaders by surprise, injected new life into the Philadelphia general sympathetic strike movement today.

A labor campaign which yesterday gave every indication of waning force again received its strongest impetus today from the action of the state federation of labor convention in Newcastle, which declared that a state-wide and even nation-wide tie-up of industry would not be too great a price to pay if necessary to insure success for the local cause.

Added to this came the revelation that the union labor movement in sympathy with the striking employees of the Philadelphia Rapid Transit company was strong enough to invade what was supposed to be a secure citadel of the opposing forces and open up an admittedly wide breach.

**Baldwin Employees Quit.**  
The success of the strike leaders in inducing something more than 1,000 employees of the Baldwin Locomotive Works to walk out this afternoon following the early morning desertion of possibly as many more was the most striking development of the day in the local situation.

To the threat of a county-wide strike the local traction heads did not agree to arbitration with the men

the officials of the Philadelphia Rapid Transit company made curt response, announcing that it had said its last word on arbitration and that if the widespread strike depended on its yielding to the arbitration the strike would have to come.

Other evidences too, were given by the city's employers of labor of many classes and there was confidence in their ranks that a National strike could not or would not be forced and that the sympathetic movement in the city portentious as it now appeared would wear itself out. Several firms announced that their hands were returning to work and others announced that they were content to wait and let time work for them.

### Won't Permit Meeting.

Possible trouble was indicated by the announcement of the strikers committee that it would hold an open-air mass meeting in the National League Baseball Park tomorrow at noon. The police authorities declared that the meeting would not be permitted but following this declaration the men reiterated their intention of holding it, claiming the right of peaceful assemblage and exercise of free speech at a meeting on inclosed private property as within their constitutional rights. Results of the indicated clash are awaited with some little trepidation. The strikers declare their meeting will be orderly and that there will be no just cause for interference.

The day was without disturbances of consequence and up to a late hour tonight the only outbreak had been a minor disturbance or two in the Kensington shop district. No one was reported injured.

The street car company slightly increased the number of cars in service and the lines in the business and residence districts were apparently more largely patronized than on any day since the strike began.

An important accession to the ranks of the strikers was announced tonight from Camden N. J. where 1,000 carpenters went out. About the same number quit work at suburban points along the Pennsylvania Railways main line and the men declared that if necessary 2,000 more car

penters would be called out in Montgomery county, next adjacent to Philadelphia, tomorrow.

## SAM McCURE, WIDELY KNOWN, FIRST TO ANNOUNCE FOR SHERIFF

Mr Sam McClure authorizes the News to announce his candidacy for Sheriff of Pontotoc county, subject to the action of the democratic primary. Mr McClure's announcement for sheriff is not much more than a formality, for his friends throughout the county for some time have been calling him the next sheriff, and while not active, he has modestly indicated that he was willing.

The subject of this announcement and reference has been more or less prominently before the public view since before statehood. He was designated through the constitution as the first county clerk of the county and it was his duty in such capacity to perform much arduous labor in organizing the county for the first election.

Mr McClure served as the first secretary of the county central committee and only gave up such important position to accept the state democratic committee membership for Pontotoc county. As a member of the state committee he worked faithfully and expended much time and money in the interests of his party, always attending the state meetings and representing the party of his county to the best of his ability. When he resigned his office of state democratic committeeman preparatory to running for sheriff the Honorable J. B. Thompson state chairman, complimented him for the services he had rendered.

Mr McClure came to Roff from Kentucky in 1905 where he had previously served as deputy sheriff. At the advent of statehood he accepted the office of undersheriff of Pontotoc county and for a year after which he voluntarily resigned he served the sheriff honorably and the people faithfully.

Mr McClure states that he realizes the great responsibility of the office of sheriff and that he is confident that he can do his full duty to the confidence of the honest and brave people of the county.

The News takes pleasure in recommending him as the first candidate for the most talked of office in this county to the careful consideration of the people.

Chicago March 10—Two hundred women, headed by Mrs. Emily M. Hill, president of the Women's Christian Temperance union, marched to the county jail today and asked Sheriff Christopher Strassheim to use his power to stamp out vice in the levee district of this city. A similar request was made on Mayor Busse on January 27. Sheriff Strassheim promised to give them an answer within the next ten days.

## Willard and Curtiss to Fly.

Oklahoma City Ok., March 10—Two aviation events are to take place soon in Oklahoma City, according to the present schedule one March 18 and 20 by Willard, the assistant to Glenn H. Curtiss at Los Angeles during the recent meet, in a Curtiss machine, under contract with Hatway Harper of Oklahoma City and Curtiss himself on April 20 and 21 and 22, during the celebration of the opening of Oklahoma to settlement, if pending arrangements go through.

W. L. McGee, representing J. G. Fenn, manager of Willard has been at work in the city for two days and has come to an agreement with Harper on a \$8,000 guarantee basis for the flight here in March to take place at the fair grounds.

The '89ers have, through the Chamber of Commerce secretary A. W. McKeand been busy for the past two weeks making arrangements to get Curtiss here.

The contract between Harper and the Willard representative has not yet been signed although dates have been accepted, and the '89ers have not signed up with the Curtiss interests.

An effort is to be made by Chairman Alexander of the general arrangement committee of the Aperillis festa to get the March dates canceled or to bring about some adjustment of affairs and efforts at this will be made today as it is believed that the March events will seriously interfere with the Aperillis festa and that the conflict of the two events will tend to divide the attendance so that neither attraction will prove as successful as it otherwise would.

The representative of Willard says that dates here in April would be out of the question owing to the itinerary which is made out months ahead of flights.

many election law which requires candidates to present popular petitions before their names can be placed on the primary election tickets.

In committee of the whole the senate recommended for passage the bill by Senator Williams which gives the boards of health greater powers in preventing and treating tuberculosis and for prevention of spread of the disease.

All patients having tuberculosis are to be registered by physicians and an amendment by Senator Brownlee prohibits the employment of any person known to be afflicted with consumption to each school in Oklahoma. The Allen bill appropriating \$100,000 for new buildings for the state school for the deaf at Sulphur was also recommended for passage.

Under a call made by Senator Stafford the house bill which abolishes the state liquor dispensary system will be reported from the senate committee by Friday morning.

The hope for adjournment of the special session by next Friday at noon disappeared today when members of the senate committee stated they would not report the house resolution until the important bills were out of the way.

## A FACT PROVEN.

Should Convince Even the Most Skeptical of Its Truth.

If there is the slightest doubt in the minds of any that Dandruff germs do not exist their belief is compelled by the fact that a rabbit inoculated with the germs became bald in six weeks time. It must be apparent to any person therefore that the only prevention of baldness is the destruction of the germ which act is successfully accomplished in one hundred per cent of cases by the application of Newbro's Herpicide. Dandruff is caused by the same germ which causes baldness and can be prevented with the same remedy—Newbro's Herpicide.

## FEE AND SALARY BILL HAS PASSED

HAS MAJORITY OF BUT TWO VOTES—GOES TO SENATE TODAY.

WILL BE TWO TAX PAYMENTS

These Do Not Include Personal Property Tax—County Assessor Bill Killed for the Second Time.

Guthrie, Ok., March 10.—By a vote of 57 to 39, the affirmative side having but two votes majority, the fee and salary bill was passed finally in the house of representatives Wednesday and will go to the senate today. The roll call revealed a strictly party alignment, democrats being for the measure and republicans against, save in two instances—Representative Jahn and Representative Lewis of Sayre, both democrats, cast negative votes.

The following were absent: Republicans, Bridges, Compton, Patridge and Parsons. Democrats, Butts, Hughes, Hutchins, Maxey Price, Putnam, Rider and White.

The senate will not agree to the house changes, but Senator Smith thinks that a conference committee will reach early agreement.

In salaries, the House bill is much higher than that of the senate for counties of less than 15,000 people between 15,000 and 30,000 the two bills are about the same while for counties of more than 30,000, the house bill is quite a bit over figures of the senate bill. The house has given County Treasurers, District Clerks and Registers of Deeds a maximum salary of \$3,500, while it has left Sheriffs, County Judges and County Clerks at \$3,000 in maximum salaries. Clerks of the Superior Courts get \$500 a year more than does the judge of the court. In the House bill the maximum county population figured upon is 60,000, in the senate bill it is 50,000.

**Vaccination Bill Killed.**  
The house killed the Ashby bill designed to prevent compulsory vaccination, the vote being 57 to 45, on a motion to indefinitely postpone. A lobby has been maintained at the capitol to urge the bill, and circulars showing bad effects of vac-

inations have been freely distributed Representative Johnson of Hughes county, who is a physician, led the fight against the measure, stating that the only result from the bill would be to take from the state authority to protect the public health. He denied that bad results came vaccination administered by physicians who knew how, and out of 7,000 cases in Oklahoma City, he said not one had resulted unfavorably. Advocates of the bill held before the house the idea that vaccination was only the injection of poison into the system of a healthy person to prevent such person from contracting certain diseases and that results of such treatment were often worse than the disease itself. Others opposed the bill because they said it was recognizing what they termed as the physicians trust.

At adjournment tonight, the senate had under consideration a bill by Senator Stafford to authorize City boards of health to fix rules and requirements, recognized by the medical world, for prevention of infectious and contagious diseases. At Oklahoma City yesterday a district court decision held there was no law by which vaccination could be compelled, and physicians who have been here insist that the treatment is necessary as a prevention of epidemics. If the senate passes the bill, it has a fair chance of passage in the house.

### Concurrent Resolution.

The house passed a concurrent resolution memorializing congress for improvement of the Illinois canal and inland waterways north of Cape Hatteras and to dig the Florida ship canal across the peninsula. The resolution came to members of the legislature from the governors of North and South Carolina and Florida.

Other matters passed finally in the house were the bill authorizing the state mine inspector to use his funds for the oil and gas department; the Ross bill, limiting appeals from justice of the peace courts to cases involving \$20 or more, Mr. Cunningham's bill providing for trial by juries of questions of fact pending before the supreme court, bills making Thomas, Custer county and Temple, Comanche county, court towns, Senator Cordell's probate procedure bill, and the senate bill restricting the sale of cocaine, opium, codine, morphine and other deleterious drugs. The penalty is from \$100 to \$500 and \$300 to \$500 fine, according to the offense.

Final passage was also obtained in the house upon the bill per-

jurors by telephone, and witnesses, either by telegraph, registered mail or personal service. The idea was advanced by Judge Tolbert of Hobart at the beginning of the session. By a vote of 50 to 40 the house for a second time killed the bill creating the office of county assessor, and another motion was lodged to reconsider. The legislation was for the purpose of repealing the township assessor law, over the legality of which there has been some question.

### Two Tax Payments.

The senate passed finally the bill by Mr. Smith of Caddo county, returning to the two payment plan for all taxes save those on personal property, they being due, according to senate amendments, in one payment on Oct 15 and delinquent on Dec 15 of each year. One-half of ad valorem taxes is due on Dec 15 and unless the payment is made by Jan 1, following, the entire tax levy automatically becomes delinquent, if paid by Jan 1, the second half is not due until June 15 following. The interest penalty is 18 per cent.

Other bills passed finally in the senate were: By Mr. Thomas appropriating \$12,000 for the completion of the Oklahoma code, by Mr. Roddie, making an appropriation for the office of the supreme court clerk, the clerk's salary being fixed at \$2,600 per year, by Mr. Stewart, appropriating a fund for the state game warden's department, by Mr. Taylor, amending the fire escape law by not

requiring such appliances in hotels or boarding houses of less than three stories, halls and theaters of less than two stories, and permitting use of non-inflammable material in fire escapes, and the Wayne house bill, repealing that portion of the pri-

BIG R. F. D. APPROPRIATION.

Committee Recommended More Than  
a Million Dollars Added.

Washington, March 10—More than  
\$1,000,000 was added by the house to  
the appropriation, recommended by  
the committee on postoffices and  
postroads, for the rural free deliv-  
ery service for the year ending  
June 30, 1911.

This appropriation, it was stated,  
would be sufficient to permit the es-  
tablishment of 3,000 new rural free  
delivery routes, as it would make  
available for such extensions about  
\$1,500,000. During the current fiscal  
year, \$680,000 was available for ex-  
tension of this service.

This action was taken by the  
house after an extended debate in  
which democrats from Southern  
states took a prominent part in the  
advocacy of an increased allowance  
for rural free delivery.  
Chairman Weeks accepted for his  
an amendment, offered by Repre-  
sentative Pinley of South Carolina  
adding \$500,000 to the amount for  
rural free delivery, recommended in  
the bill, but demands for a further  
increase for that purpose came from  
both sides of the house, with the  
result that the higher amount was  
placed in the bill in accordance with  
an amendment offered by Mr. Small  
of North Carolina.

Spurred on by this victory, friends  
of the rural service endeavored to  
still further increase it by an ad-  
ditional amount of \$6,600,000 propo-  
sed by Representative Miller of Kan-  
sas, who declared that with this lib-  
eral allowance salaries of rural free  
delivery carriers could be increased  
by the postmaster general. This propo-  
sed increase was voted down.

FIGHT AT COMMUNION RAIL.

Negro Who Didn't Belong Is Hauled  
off in Patrol Wagon.

Atlanta, Ga., March 10.—The po-  
lice department was called to Mt.  
Airy church last night to take a  
hand in a church fight which took  
place at the communion services.  
Henry Miles, a negro, who it is stat-  
ed, is not a member, was unattend-  
ance when services opened. As the  
time arrived for communion Miles  
went forward with the rest and knelt  
at the railing. Noticing Miles mem-  
bers of the congregation entered a  
strenuous demur, saying he was not  
a member Miles insisted on receiv-  
ing the bread and wine. A free fight  
resulted and the police interfered.  
Miles seemingly undismayed, was  
yanked in a patrol wagon and the  
services resumed.

CALENDAR WEDNESDAY.

House Passes Several Local Bills.  
Senate Votes.

Washington, March 10.—The Ad-  
ministration railroad bill was made  
the unfinished business of the senate  
today, and its consideration un-  
til passed can not be interfered with  
except by appropriation bills. After  
the first reading had been conclud-  
ed a number of bills were passed,  
including one to establish a court of  
patent appeals and one authorizing  
the construction of a \$12,000,000  
building in Washington for the use  
of the departments of state, justice  
and commerce and labor.

The house considered bills on its  
calendar, passing several measures  
of local importance. During the early  
portion of the session it sustained a  
point of order by which the bill for  
the construction of embassy build-  
ings in foreign capitals will not be  
permitted again to come before the  
house during this session. The ses-  
sion was in session four hours, the  
house adjourning an hour later. Both  
houses will be in session tomorrow.

Croston McGuire's Secretary.

Washington, D. C., March 10.—Earl  
Croston of Guthrie has been ap-  
pointed private secretary to Repre-  
sentative Bird McGuire. Croston is  
well known as a newspaper writer  
and will number among his duties  
an active publicity campaign to in-  
sure the re-nomination and re-election  
of McGuire.

CROCKET C. HARGIS, REG-  
ISTER OF DEEDS OF  
PERS FOR RE-ELECTION

Crocket C. Hargis authorizes the  
Daily and Weekly News to announce  
his candidacy for re-election to the  
office of Register of Deeds of Pon-  
totoc county, subject to the demo-  
cratic primary.

Commenting on his candidacy for  
re-election, Mr. Hargis stated that  
while he would have served the peo-  
ple some longer than a usual term  
the first time, that considering the  
unsettled land conditions in the coun-  
ty, that his salary had not been more  
than moderate, and further, since,  
when he assumed the position of reg-  
ister of deeds, the county being new,  
no precedents for the conduct of the  
office had been established and there-  
fore many details had to be worked  
out and much initial work accom-  
plished which required additional  
expense and much arduous labor.

It is proper to relate in connection  
with Mr. Hargis' announcement, that  
he, along with other nominees of his  
party, were required to bear the  
principal burden of the expense of  
the conduct of the first election,  
since at that time, statehood was  
not an accomplished fact and there  
were no friends available for hold-  
ing such election.

Mr. Hargis has been in the state  
since 89 and a resident of this coun-  
ty for 12 years. He has the candi-  
date's best asset, that of a large and  
close personal acquaintance with the  
large bulk of voters of the county.

The county has had no public ser-  
vant more devoted to the duties of  
his office and none more courteous  
and accommodating in giving per-  
sonal attention to the calls of his  
constituency.

Mr. Hargis informs the News that  
while he intends to scrupulously  
look after the duties of his office  
during the campaign, he shall as  
near as possible personally solicit  
the support of the democratic voters  
of the county.

The News recommends Mr. Hargis'  
candidacy to the careful consideration  
of the voting public.

was released from the county jail  
today after furnishing bond in the  
sum of \$100,000.

Had he not noticed his danger in  
time he no doubt would have been

several parties have positively iden-

Grand-Leader

Tally Convicted.

Tulsa, Okla., March 10.—Haskell  
B. Talley, attorney, was today con-  
victed of assault with intent to kill  
in the district court. The jury rec-  
ommended a sentence of three years  
in state prison. Notice of appeal was  
filed.

Talley was charged with assaulting  
B. F. Pettus of Tulsa. Talley former-  
ly went with Pettus' daughter. The  
girl shunned Talley and the attor-  
ney accused her father of assaulting  
his character. Talley met Pettus in  
the street, accused him of making the  
statements and shot him in the ab-  
domen. Pettus had a quick recovery  
and Talley was released on bond.

The crime was committed before  
statehood. A year ago Talley was  
tried, the trial resulting in a hung  
jury.

Washington, March 10.—That Phil-

with an allowance of about \$100 a  
month, which his mother will allow  
him, was learned here today on good  
authority, although no member of  
the Knox family would make any  
statement in regard to the matter.

Providence, R. I., March 10.—Phil-  
ander C. Knox, Jr., tonight admit-  
ted that as a result of his elopement  
with Miss May Boler, his family had  
cut him off, leaving him dependent  
upon a legacy and what he can earn  
himself.

"Yes, da told me yesterday in  
Washington that he would give me  
no more money, but would let me  
spend for myself," said the youth-  
ful husband tonight.

"However, I have an income of my  
own to keep me until I get a job.  
My grandfather on my mother's side  
left me enough to give me an income  
of about \$100 a month, and this I  
am to receive from my mother until  
I am of age."

pays the freight, which theory has  
not yet been discarded by profound  
students or casual observers of eco-  
nomics, the accompanying table of  
figures ought to be of considerable  
interest to the public in Oklahoma.  
It shows the rates that are put in-  
to effect on freight in Oklahoma by  
the M., K. and T. road by the tariff  
just issued and made operative March  
5. It also shows in contrast thereto  
the corresponding rates, as estab-  
lished by the state corporation com-  
mission and set aside by Judge  
Hook's injunction recently issued in  
St. Louis.  
A comparison of the two sets of  
figures will show the benefit, aggre-  
gating thousands of dollars every

day, that the people of the state have  
been receiving the rates that the cor-  
poration commission insists are fair  
and reasonable, and the benefit that  
the railroads are to reap as a result  
of a single stroke of the pen of the  
Federal judge who was appealed to  
by the railroads in their effort to de-  
feat the will of the people of Okla-  
homa.  
The Katy is the first railroad to  
take advantage of the letting down  
of the bars, and to enter again upon  
the green pastures of the public of  
Oklahoma, which were found such  
fattening grazing lands for the rail-  
roads before the constitution was  
adopted and the corporation com-  
mission organized.  
The citizen who contemplates

building a store building or a resi-  
dence, or the farmer who thinks of  
building a home or a barn, will note  
from a perusal of the figures here-  
with presented, that Judge Hook has  
doubled the freight on lumber, and  
increased the rate on brick to al-  
most as great an extent. The farmer  
who noted a gain in his profit on  
raising wheat with the establishing  
of the commission's rates on wheat,  
will find that the transportation fac-  
tor, in cutting down his profit on  
corn or hay will have grown in about  
the same proportion with the raising  
of the rates as permitted by Judge  
Hook.  
Another striking effect of the  
knocking-out of the low rates estab-  
lished by the commission will be not

ed in the tariff on soft coal which  
jumps more than 100 per cent on the  
shorter hauls and nearly doubles on  
the long hauls.

The commodities enumerated in the  
accompanying table are presented to  
show the rates of increase on the  
more common articles of traffic. The  
rates increase on every thing that is  
transported by rail in practically the  
same proportion.

The new tariff of the Katy shows  
some decreases in rates between  
specific points, but these in all cases  
are in favor of points which, for  
traffic reasons, the company sees fit  
to favor by discrimination that the  
corporation commission would hold  
illegal and prohibit.

THE FIGURES IN THIS TABLE REFER IN ALL CASES TO CENTS PER HUNDRED MILES.

WORK WILL SOON COMMENCE ON MODERN PASSENGER STATIONS.

### CITY'S SUIT COMPROMISED

General Manager Tyler of the Frisco Will Be in Ada in About Ten Days to Perfect That Road's Plans.

Two railroads—the Frisco and Oklahoma Central—will soon begin the construction of modern depot buildings in this city. That is a settled fact.

Mayor Little returned to the city today from Guthrie where he was present at a hearing before the corporation commission in the depot matter.

### No Union Depot.

It will be remembered that some time ago the city of Ada filed a suit with the commission endeavoring to get the Frisco and Oklahoma Central roads to build a union depot here. This suit was compromised with the agreement that the two roads will build up to date depots.

### Gen. Manager Tyler to Come.

General Manager Tyler of the Frisco will come to Ada or send an acceptable agent to the city officials within ten days. He says the depot will be of sufficient size for the city's needs for ten years. It is understood about \$20,000 will be appropriated by the company for this purpose.

### Concrete Building for O. C.

Dorset Carter, president of the Oklahoma Central, was at the hearing and said that as soon as his road is released from the suit—which will be in about ten days—the plans for a modern concrete passenger depot will be taken up and building will begin as soon as possible.

# UNION FORCES GAIN STRENGTH

PHILADELPHIA STRIKE MOVE-  
MENT SUDDENLY SHOWS  
GROWTH.

## STATEWIDE STRIKE EXPECTED

One Thousand Employees of Baldwin  
Locomotive Works Walk Out.  
Police Will Not Permit  
Meeting.

Philadelphia, Pa., March 10—  
Promise of help from without and  
development of strength in its own  
field, which appeared to take even  
its most confident leaders by sur-  
prise, injected new life into the Phil-  
adelphia general sympathetic strike  
movement today.

A labor campaign, which yesterday  
gave every indication of waning force,  
again received its strongest impetus  
today from the action of the state  
federation of labor convention in  
Newcastle, which declared that a  
state-wide and even nation-wide tie-  
up of industry would not be too  
great a price to pay if necessary to  
insure success for the local cause.

Added to this came the revelation  
that the union labor movement in  
sympathy with the striking employes  
of the Philadelphia Rapid Transit  
company was strong enough to in-  
vade what was supposed to be a  
secure citadel of the opposing forces  
and open up an admittedly wide  
breach.

### Baldwin Employees Quit.

The success of the strike leaders  
in inducing something more than 1-  
000 employes of the Baldwin Loco-  
motive Works to walk out this after-  
noon, following the early morn-  
ing desertion of possibly as many  
more was the most striking devel-  
opment of the day in the local situ-  
ation.

To the threat of a county-wide  
strike if the local traction heads did  
not agree to arbitration with the men

the officials of the Philadelphia Rap-  
id Transit company made urgent re-  
sponse, announcing that it had said  
its last word on arbitration and that  
if the widespread strike depended  
on its yielding to the arbitration the  
strike would have to come.

Other evidences, too, were given  
by the city's employers of labor of  
many classes and there was confi-  
dence in their ranks that a National  
strike could not or would not be  
forced, and that the sympathetic  
movement in the city, portentous as  
its own appeared, would wear itself  
out. Several firms announced that  
their hands were returning to work  
and others announced that they were  
content to wait and let time work  
for them.

### Won't Permit Meeting.

Possible trouble was indicated by  
the announcement of the strikers'  
committee that it would hold an  
open-air mass meeting in the Nation-  
al League Baseball Park tomorrow  
at noon. The police authorities de-  
clared that the meeting would not  
be permitted but following this de-  
claration the men reiterated their in-  
tention of holding it, claiming the  
right of peaceful assemblage and ex-  
ercise of free speech at a meeting  
on inclosed private property as with-  
in their constitutional rights. Re-  
sults of the indicated clash are await-  
ed with some little trepidation. The  
strikers declare their meeting will  
be orderly and that there will be no  
just cause for interference.

The day was without disturbances  
of consequence and up to a late hour  
tonight the only outbreak had been  
a minor disturbance or two in the  
Kensington shop district. No one was  
reported injured.

The street car company slightly  
increased the number of cars in ser-  
vice and the lines in the business  
and residence districts were appar-  
ently more largely patronized than  
on any day since the strike began.

An important accession to the  
ranks of the strikers was announced  
tonight from Camden N. J. where 1-  
000 carpenters went out. About the  
same number quit work at suburban  
points along the Pennsylvania Rail-  
way's main line and the men declar-  
ed that if necessary 2,500 more car-

penters would be called out in Mont-  
gomery county, next adjacent to  
Philadelphia, tomorrow.

## SAM MCCLURE, WIDELY KNOWN, FIRST TO AN- NOUNCE FOR SHERIFF

Mr Sam McClure authorizes the  
News to announce his candidacy for  
Sheriff of Pontotoc county, subject  
to the action of the democratic pri-  
mary. Mr McClure's announcement  
for sheriff is not much more than  
a formality, for his friends through-  
out the county for some time have  
been calling him the next sheriff,  
and while not active, he has mod-  
estly indicated that he was will-  
ing.

The subject of this announcement  
and reference has been more or less  
prominently before the public view  
since before statehood. He was de-  
signated through the constitution as  
the first county clerk of the coun-  
ty and it was his duty in such ca-  
pacity to perform much arduous la-  
bor in organizing the county for the  
first election.

Mr McClure served as the first  
secretary of the county central com-  
mittee and only gave up such im-  
portant position to accept the state  
democratic committee membership for  
Pontotoc county. As a member of the  
state committee he worked faith-  
fully and expended much time and  
money in the interests of his party,  
always attending the state meet-  
ings and representing the party of  
his county to the best of his ability.  
When he resigned his office of state  
democratic committeeman, preparatory  
to running for sheriff, the Hon-  
orable J. B. Thompson, state chair-  
man, complimented him for the ser-  
vices he had rendered.

Mr McClure came to Roff from  
Kentucky in 1905, where he had  
previously served as deputy sheriff.  
At the advent of statehood he ac-  
cepted the office of undersheriff of  
Pontotoc county, and for a year  
after which he voluntarily resigned  
and he served the sheriff honorably  
and the people faithfully.

Mr McClure states that he realizes  
the great responsibility of the of-  
fice of sheriff and that he is con-  
fident that he can do his full duty  
to the confidence of the honest and  
brave people of the county.

The News takes pleasure in rec-  
ommending him, as the first candi-  
date for the most talked of office in  
this county to the careful considera-  
tion of the people.

## WANT VICE STAMPED OUT. Two Hundred Women Appeal to Cook County Sheriff.

Chicago, March 10—Two hundred  
women, headed by Mrs. Emily M. Hill,  
president of the Women's Christian  
Temperance union, marched to the  
county jail today and asked Sheriff  
Christopher Strassheim to use his  
power to stamp out vice in the levee  
district of this city. A similar re-  
quest was made on Mayor Busse on  
January 27. Sheriff Strassheim prom-  
ised to give them an answer within  
the next ten days.

### Willard and Curtiss to Fly.

Oklahoma City, Ok., March 10—  
Two aviation events are to take place  
soon in Oklahoma City, according to  
the present schedule, one March 18  
and 20, by Willard, the assistant  
to Glenn H. Curtiss at Los Angeles  
during the recent meet, in a Curtiss  
machine, under contract with Hath-  
away Harper of Oklahoma City, and  
Curtiss himself on April 20, 21 and  
22, during the celebration of the open-  
ing of Oklahoma to settlement, if  
pending arrangements go through.

W. L. McGee, representing J. G.  
Fenn, manager of Willard, has been  
at work in the city for two days, and  
has come to an agreement with  
Harper on a \$6,000 guarantee basis  
for the flight here in March to take  
place at the fair grounds.

The '89ers have, through the  
Chamber of Commerce secretary, A.  
W. McKeand, been busy for the past  
two weeks making arrangements to  
get Curtiss here.

The contract between Harper and  
the Willard representative has not  
yet been signed, although dates have  
been accepted, and the '89ers have  
not signed up with the Curtiss in-  
terests.

An effort is to be made by Chair-  
man Alexander of the general ar-  
rangement committee of the Aperiilis  
festa to get the March dates can-  
celed or to bring about some ad-  
justment of affairs and efforts at  
this will be made today as it is be-  
lieved that the March events will  
seriously interfere with the Aperiilis  
festa and that the conflict of the  
two events will tend to divide the  
attendance so that neither attraction  
will prove as successful as it oth-  
erwise would.

The representative of Willard  
says that dates here in April would  
be out of the question owing to the  
itinerary which is made out months  
ahead of flights.

### 'Brotherhood of Threshermen.

Oklahoma City, Ok. March 10—  
The Oklahoma Brotherhood of  
Threshermen perfected an organiza-  
tion here today, electing the follow-  
ing officers: A. B. Cook, Rocky pres-  
ident, Thomas Decker, Taxon, vice  
president, Wyley U. Lyon, Hadill  
secretary-treasurer. The charter  
membership consists of 200 Repre-  
sentatives of the leading thrasher  
manufacturing concerns addressed  
the meeting. Resolutions were adopt-  
ed favoring the plans of the State  
Good Roads Association for a sys-  
tem of road improvements.

## FEE AND SALARY BILL (Continued from Page One)

many election law which requires  
candidates to present popular peti-  
tions before their names can be  
placed on the primary election tick-  
ets.

In committee of the whole the sen-  
ate recommended for passage the bill  
by Senator Williams which gives the  
boards of health greater powers in  
preventing and treating tuberculosis  
and for prevention of spread of the  
disease.

All patients having tuberculosis are  
to be registered by physicians and  
an amendment by Senator Brownlee  
prohibits the employment of any per-  
son known to be afflicted with con-  
sumption to each school in Oklaho-  
ma. The Allen bill appropriating  
\$100,000 for new buildings for the  
state school for the deaf at Sulphur  
was also recommended for passage.

Under a call made by Senator Staf-  
ford the house bill which abolishes  
the state liquor dispensary system  
will be reported from the senate com-  
mittee by Friday morning.

The hope for adjournment of the  
special session by next Friday at  
noon disappeared today when mem-  
bers of the senate committee stated  
they would not report the house res-  
olution until the important bills were  
out of the way.

### A FACT PROVEN.

Should Convince Even the Most Skep-  
tical of Its Truth.

If there is the slightest doubt in the  
minds of any that Dandruff germs do not  
exist their belief is compelled by the  
fact that a rabbit inoculated with the  
germs became bald in six weeks' time.  
It must be apparent to any person  
therefore that the only prevention of  
baldness is the destruction of the germ  
which act is successfully accomplished  
in one hundred per cent of cases by  
the application of Newbro's Herpicide.  
Dandruff is caused by the same germ  
which causes baldness and can be pre-  
vented with the same remedy—Newbro's  
Herpicide.

Accept no substitute. "Destroy the  
cause you remove the effect."

Sold by leading druggists. Send 50c in
